MUSIC LICENSING IN CO-OP MODE

the world's first artist-owned sync co-op.

• Press Start

◆ OVERVIEW · BRIEFING

What is Amerge?

Amerge is transforming the sync game. Creating more Transparency, more Opportunity, and more Equity through our emerging payment technology and cooperative ownership structure. Our curated collective of sync-ready producers, artists, composers and specialty musicians are available for fast-turnaround searches and original songs with active and established artists and bands. Help build a new era of music licensing in co-op mode and own the value we create together.

Where the money actually goes

Where the money actually goes

When we remove the intermediaries, there is more value left for those who do the work of making the music and making the music money.

◆ WHY AMERGE · CO-OP MODE

What makes Amerge different?

ADVANTAGE 01

More Transparency

With our emergent payment technology every dollar coming in and every dollar going out of the co-op is visible to all co-op members.

ADVANTAGE 02

More Opportunity

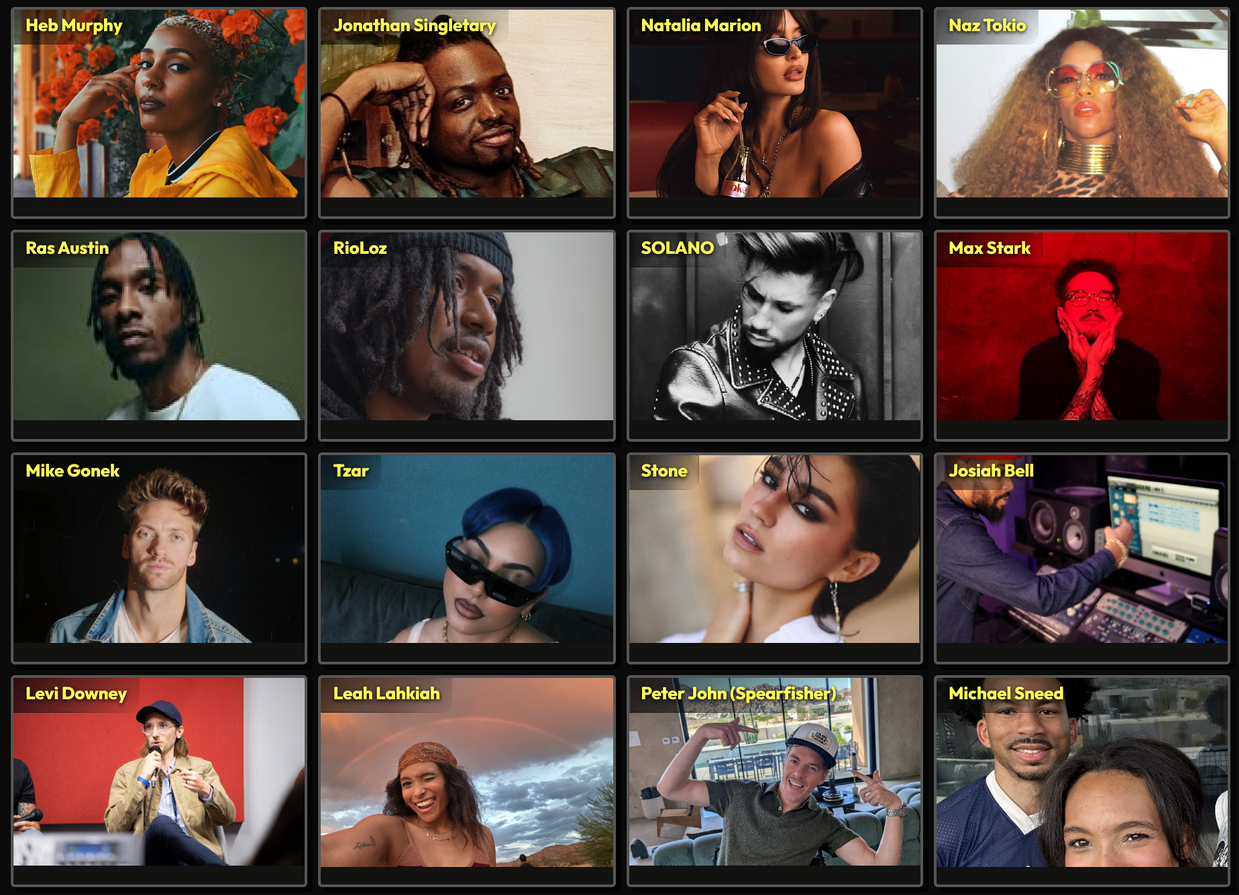

Our community-based structure allows for a wider network of makers, placers, and operators all aligned around long-term catalog value, not just one-off extraction.

ADVANTAGE 03

More Equity

Amerge is owned and led by the artists and workers who provide their talents and labor. We remove the intermediaries and distribute the value created by all of us.

◆ THE MEMBERS · MUSIC MAKERS

Music made by its **owners.**

Artists, songwriters, producers, composers, and specialty musicians working together in co-op mode.

Create together.
Original songs, custom music, and a catalog built through collaboration.

Meet a few of the music makers shaping Amerge. Explore their work, or hear a selection from our member catalog.

THE MEMBERS · MUSIC OPERATORS

+ More

Licensing, clearance & rights partners

Disciplines: Music Supervision, Licensing, Rights Administration, Legal, Strategy

Credits: HBO, White Lotus, Better Call Saul, Poker Face, Amazon Music, NFL, Disney, Netflix, Fox, Peacock, ESPN

Expertise: Creative direction, executive production, clearance, deal structuring, catalog & rights strategy.

Behind every placement is a team that gets the music heard, cleared, and paid. Our operators handle supervision, licensing, rights administration, and legal for frictionless access to our catalog and custom creations while our artists get protected, transparent deals.

THE BRANDS WE CREATE WITH

RIOT GAMES · JUST PLAY · STRANGER THINGS CATALYST · THE GUARDIAN · BETTER CALL SAUL

FX · NISSAN · TOYOTA · NETFLIX · UNIQLO

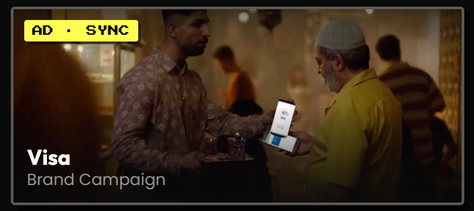

NBA · dyson · NFL · CHEVROLET · Walmart

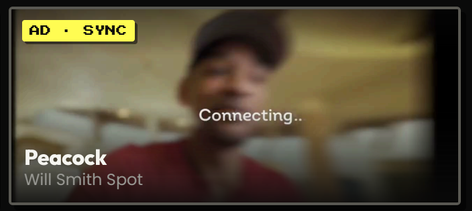

◆ PORTFOLIO · SELECTED WORK

◆ 2026 · RESIDENCY RECAP

MADE TOGETHER.

In September 2026, we brought 30+ artists, music supervisors, operators, and supporters together in Joshua Tree to experiment in collective creation.

30+
people

6
days

42
original songs

42 original songs made for **seven real-world sync briefs.**

New collaborations took shape. Music makers worked directly with the people who place music. And we tested our cooperative model in real time.

It was more than a songwriting camp. It was a glimpse of what we can build together in the future.

◆ WHAT'S NEXT · 2027 & BEYOND

MORE MUSIC. MORE OWNERS.

We're building partnerships for a series of 2027 Amerge Residencies, each focused on creating custom music for a qualified show, game, or brand.

Alongside that work, we're continuing to grow the co-op's member ownership.

Let's build a residency around your project. ↗

AWARD RECIPIENT

2026

Co-op Innovation Award

Amerge Music Cooperative received $25,000 from Capital Impact Partners and National Cooperative Bank.

Planned uses: onboarding 50 musicians, songwriters, and producers with low incomes, and publishing an open-source cooperative playbook.
